800,000 MEN MAY JOIN THE STRIKERS

President of Maintenance of Way
Union Says Indications Are
Strike Will Be Called

OTHERS MAY FOLLOW SUIT

Shop Crafts Union Which Walked
Out Saturday Lost All Stand
With U. S. Labor Board

By CHARLES R. LYNCH
Chicago, Ill., July 3.—Eight hundred thousand men may be added to the ranks of the striking railroad employees by action of union leaders today.

Maintenance of way leaders met in Detroit to canvass the strike vote recently taken by that organization.

President Edward F. Grable, announced before leaving Chicago for the meeting that indications were he would "be forced" to call a strike.

It was learned on good authority that a strike call issued by the maintenance brotherhood would result in like action by the Brotherhood of Railway and Steamship Clerks, Stationary Firemen and Engineers and Signal Men. Slightly more than 250,000 men would be effected by a maintenance strike call, 400,000 by a walk out of clerks and the remainder in the two smaller organizations. This would bring the total on strike to nearly 1,200,000.

The railroad shop crafts union which called a strike Saturday, lost all standing before the United States railroad labor board today.

The board declared the strikers organization would be no longer recognized and urged that men who remained in the employment of the railroads together with newly employed men, form an organization to take the place of the shop crafts union.

The board declared that the shop craft workers were no longer employees of the railroads and therefore not governed by the telephone act. The ruling will be applied to all union organizations ordering their men to strike.

The board reiterated the statement that every resource at the government's command would be called upon to protect the men in the employment of the railroads.

The new strike crisis developed after a long conference between Grable, Bert M. Jewell, president of the striking shop crafts; F. H. Fitzgerald, president of the clerks; Timothy Healy president of the stationary firemen and oilers and D. W. Helt, president of the signalmen. Continued on page six

WILL CLEAR CLOSE TO \$150 ON THE SHOW

Tri Kappa Sorority Extends Thanks
to Cast and Others Who Assisted
in Undertaking

RUTH MAUZY AWARDED PRIZE

The Tri Kappa sorority, under whose auspices "Kathleen," the home talent musical show was given last Thursday and Friday night, will clear approximately \$150. on the undertaking, it was indicated today. The proceeds all to go to the county board of children's guardians, whose work among the underprivileged children of the county is financed by the sorority.

Mrs. Earl Moore, general chairman of the show, stated today that a vote of thanks had been extended for generous assistance to the whole cast, including all of the principals, the different groups and choruses, as well as the orchestra and the business men who advertised in the program; also to the school board for the use of the Graham Annex Auditorium for rehearsals, the janitor, Grant Gregg, for his help, the Rushville Co-operative Telephone company, for the use of a telephone and George C. Wyatt and company for the stage furnishings.

Ruth Maury was awarded the prize for selling the most tickets to the show. She disposed of \$75.00 worth.

UNABLE TO FIND THIEVES

Posse Searches For Supposed Robbers Near Fairview Saturday

A chicken thief scare took place Saturday night on the R. B. Cook farm, near Fairview, when neighbors thought they heard someone in the poultry house at the farm, and because a telephone bell rang about the same time, it is believed that if there were thieves, that they were frightened away. Many farmers with automobiles came to the place, and the field nearby was surrounded with the lights from the machines focused on the field, but a search did not reveal anyone.

Mrs. Cook has a large number of chickens, but stated that as far as she could learn, none was taken.

CLASS OF TWENTY GIVEN THE DEGREE

Recruited From Ranks of I. O. O. F.
Grand Lodge and State Rebekah
Officers For Pilgrims of Nahor

ATTENDANCE OF OVER 200

Candidates and Members of Local
Order Hold Parade Saturday
Evening, Previous to Work

A class of twenty, recruited from the ranks of the Grand Lodge and State Rebekah officers made the pilgrimage to the shrine of Rebekah Odd Fellowship here Saturday evening, aided and assisted by the degree staff of the Pilgrims of Nahor.

The class was widely distributed and included members from Gary, Kendallville, Delphi, Indianapolis, Milroy, Shelbyville, Knightstown, Connersville and Greensburg, as well as Rushville. Many out of town people accompanied the candidates, increasing the attendance to over two hundred.

The new members expressed themselves as highly pleased and greatly impressed with the work and arrangements will be made so that classes from each point represented will be brought here to receive the degree, as it cannot be had elsewhere.

A collection for the Colfax Memorial at Greensburg was taken and the decoration of Knight of L'Emon, bestowed upon the most generous, was given to J. W. Travis, Greensburg, superintendent of the I. O. O. F. Home; A. W. Bradshaw, Delphi, Grand Trustee; Roy Souder, Knightstown, and Mr. Milner, Indianapolis.

The Roll of the Nimrods was called and F. L. Behymer, Connersville, was added to their number. This is a very exclusive class confined to ones who distinguish themselves in certain lines with never over two being created at a pilgrimage.

The music for the parade and degree was furnished by the Hejazers of Nahor, whose ranks had been augmented for the occasion. Refreshments were served after the work. Many of the visitors remained over night.

LEGION TO HAVE OPEN HOUSE

Rush post No. 150 of the American Legion will hold an open house for all ex-service men Thursday evening at their club rooms in West Second street. A lunch will be served and there will also be a smoker during the evening. All ex-service men are invited to be present.

Rush post now has 177 members and expects to pass the 200 mark soon. Its growth has been the most phenomenal of any post in the state, the increase in membership over last year now amounting to more than 200 percent.

TO MEET TONIGHT.

The Red Men lodge will meet tonight instead of Tuesday night, their regular meeting date, on account of the Fourth of July. A large attendance of the membership is urged.

SENTENCED ON 2 YEAR OLD CHARGE

Jesse Vandiver of Glenwood Changes Plea to Guilty and Draws Term of 1 to 14 Years

SENTENCE IS SUSPENDED

Two Divorces Granted on Closing Day of May Term of Court—Action in Other Case

Jesse Vandiver, age 35, of Glenwood, appeared in the circuit court late Saturday, on the closing day of the May term, and withdrew a former plea of not guilty to a charge of grand larceny and entered a plea of guilty, receiving a sentence of from one to 14 years in the state prison and a fine of \$5 and costs.

Judge Sparks suspended the sentence during good behavior. The defendant was arrested a few weeks ago on two larceny charges, which had been on file for over two years, as he is said to have been a fugitive from justice during that time. The charges were returned by a grand jury which alleged that he had stolen some hogs. One of the indictments was dismissed when he changed his plea to guilty.

Two divorces also were granted on the closing day. Elsie Gard was granted a decree from Harry Gard, upon payment of the costs, and her maiden name of Elsie Ryman was restored. The evidence in this case was heard Saturday morning.

Following the evidence in the case of Cecil Tascano against Joseph Tascano, the court also granted the plaintiff a divorce and restored her maiden name of Cecil Wilhelm.

In the matter of support in the divorce suit pending by William Campbell against Martha Campbell, the court allowed the defendant \$6 a week allowance during the pendency of the case.

In the suit of William H. Grocox against Cyrus Hilligoss, a complaint on a note, the defendant defaulted Saturday, and judgment amounting to \$125.12 and costs was granted by the court.

The suit heard recently of Eva Naden against Ora Montgomery, in which the jury awarded the plaintiff judgment, the defendant was refused a new trial, after the arguments were heard and taken under advisement.

"FLIRTING" WITH A TRIP TO PENAL FARM

Someone again joked with the fire department Saturday night about ten o'clock, when a false alarm was sent in over the telephone, sending the firemen to the corner of Ninth and Arthur streets. The message stated that there was a house on fire in that vicinity and the receiver was hung up. All three divisions of the fire company responded, but no blaze could be located. In case of sending an alarm over the telephone, people are reminded of the fact that the name of the sender is important, as well as the number of the house.

Fire Chief Joe Williamson stated that someone is "flirting" with a trip to the penal farm, and a standing reward of \$25 is on record for the arrest and conviction of anyone sending in a false fire call.

The fire alarm telegraph system, installed by the Gamewell Fire Alarm Company about thirty years ago, is now receiving an overhauling, according to a contract allowed by the city council several months ago. Expert workmen from the factory are here going over the alarm boxes, and new batteries have been installed.

Each box is being tested, and this morning after box 31 had been pulled, the bell in the tower was disconnected in order to prevent any excitement, and only the gong in the fire station rings while repairs are being made. The system is not out of working order and alarms may be sent in by the boxes during the repair work, even if the tower bell does not ring out the number.

BOYS CAMP FUND OPENED WITH \$40

Committee Will Have Basis to Work on After Wednesday When Boys Apply For Admission

TO AGREE ON A SITE SOON

Committee Will Inspect Other Proposed Sites Tuesday—Tickets For Ball Games Issued

BOYS CAMP FUND

L. L. Allen	\$10.00
Hugh E. Maury	10.00
Wardner H. Wyatt	10.00
A. Gunn Haydon	10.00

Total

\$40.00

The boys summer camp fund got started today with a nucleus of \$40. Many others interested in the project are expected to forward their contributions at once so that the success of the camp will be assured.

The committees in charge will have a basis to work on after Wednesday. The afternoon of that day, boys who expect to attend the camp will meet at the Graham Annex gymnasium where they will sign application cards for admission to the camp. In applying, they will also sign pledge cards in which they agree to abide by the rules of the camp.

It was stated a few days ago that equipment had been obtained from Company C, Indiana National Guard, for the camp, but this consists only of tents. The committee will have to purchase cots and other equipment needed.

The series of three baseball games between the Kiwanis and Rotary club teams is expected to yield a good sum for the camp fund. The first game will be played Thursday afternoon. Both season and single admission tickets for the games have been issued and are being placed in the hands of boys who expect to attend the camp by A. F. Cotton, director of summer work among Rushville boys and girls. The season tickets good for three games sell for 50 cents and the single admission 25 cents.

The camp site is still indefinite. The committee in charge of this phase of the preparations and others interested, inspected a proposed site on the George Billings farm near Plum Creek church Sunday morning, but they did not believe it as well suited for the purpose as a site originally selected on the Miller farm southwest of Rushville. HOT ON TRAIL OF THE MEXICAN REBELS

(By United Press)

Tampico, Mexico, July 3.—Federal troops were hot on the trail of General Goroza, bandit and rebel leader today.

Soldiers sent into the Tampico district by President Obregon following protests of the state department of the United States under the action of Goroza in holding fifty American prisoners at the Cortez Oil Company plant and eight Americans and 73 others at the Perera Oil Company, have rounded up a portion of the bandit's band at El Trueno, according to reports reaching here.

Reports stated that five bandits were slain and fifty horses and many guns abandoned. Troops under Colonel Silva, immediately followed up the attack in the hope of capturing Goroza and the remainder of his outlaws.

There are at least one thousand federal troops on duty here. Some come from the south and others landed at Vear Cruz. According to the best information the bandit leader has not yet made his boast of returning to the Cortez plant to collect 30,000 pesos ransom.

Goroza took possession of the Cortez property eight days ago and said he would return July 2 for the ransom.

WILL GET READY FOR CAMP

Company C Meets Wednesday Night To Arrange for Summer Training

Company C, Indiana National Guard, has been ordered by Captain Will Brann to report at the armory in South Perkins street Wednesday evening at eight o'clock to make preparations to attend the Indiana Guard camp at Camp Knox, Ky., July 23 to August 30.

The attendance of every member of the company Wednesday night is compulsory, Capt. Brann stated today, as some details in connection with the annual training must be attended to at once.

The 151st infantry and the 151st artillery regiments will go to camp in three weeks and will be joined a week later by the 152nd infantry and artillery regiments.

CAR REPAIRMEN HERE ON STRIKE

Three Railroads in Rushville Are Affected by the Strike of Railroad Shopmen

INSPECTORS LEAVE PLACES

Will Make Little Difference Locally Unless Walkout Extends to Maintenance of Way Men

Three railroads in Rushville are affected by the nation wide strike of railroad shopmen, which was effective last Saturday morning at ten o'clock, when the two local men affiliated with the show crafts, walked out, leaving the positions vacant in the local yards.

The W. railroad has had a car repairer here for years, and this job has been filled by Will Burgess, who walked out when ten o'clock arrived Saturday morning. The Big Four and Lake Erie railroads have a joint inspector and repairman, Mary Borden, and who also has walked out with his union companions.

The Pennsylvania railroad does not have inspectors at the intermediate points, but have men stationed at the terminals, and regular trips are made on this division where the cars are taken care of at intervals.

Unless the strike spreads to the maintenance of way employees, the result will hardly be noticed locally, it is stated. The greatest effect the walkout of the two workers here will have, it is stated, will be to delay freight shipments. The car repairers take care of all hot boxes and there is hardly a day but that one and two cars of freight are not set off for repairs along this line. When these cars are set off now they will have to remain on a siding because there is no one to make the necessary repairs. This may result in delay in shipments. Under the union rules no other employee can fix the cars, this being the exclusive job of the car repairer.

FOURTH OF JULY SERVICES

The Knights of Columbus will have special Fourth of July services at their regular meeting tonight.

P. H. McGinty, who is a member of the Chicago council, and is well known to Rushville Knights as an orator of real merit, will be the main speaker of the evening. His subject will be "Our Country."

His address will be followed by addresses by a number of the members of the Rushville council.

QUARTET TO SING

The Knoxville College male quartet will give a concert this evening at 7:45 o'clock at the First United Presbyterian church. There will be no admission charged but an offering will be taken at the close of the program. The president of the college, J. Kelley Giffen (white) is travelling with the quartet and probably will give a short talk. The college is a school for colored people, under white management.

Atlantic City, N. J. July 3.—"My God, I have sent No. 33 on the wrong track."

John Dewalt, signalman at Winslow Junction, hammered out the above frantic telegram to the dispatchers office at Atlantic City a few moments after the "Midnight Flyer" flashed past his tower.

Atlantic City made desperate but unavailing efforts to raise Dewalt after his message had been received. He had fainted.

Winslow, N. J., July 3.—Nine persons were killed, and thirty-three holiday seekers were seriously injured when the midnight flyer, a Philadelphia and Reading express plunged from the rails while traveling at high speed on a curve here early today.

Bodies of the dead were dug out of the wreckage and removed to the Camden morgue. The injured were rushed to Atlantic City and Hammononton hospital.

The train was completely wrecked and it is feared the tangled wreckage over which working crews worked frantically, held other victims. Deep yellow mud lay beneath the train.

The known dead include: Walter Westcott, Gloucester, N. J., engineer of the train. William T. Sautter, Atlantic City, N. J., fireman.

Sol Worth, Cape May, N. J., railroad telegrapher.

SUGGESTS COMMITTEE TO ARBITRATE STRIKE

Government Would Settle Coal Differences and Conference Concurses on the Proposal

BOTH SIDES OPTIMISTIC

Washington July 3.—Government chiefs at the Harding coal conference today proposed that the miners and operators appoint an arbitration committee to determine a sound basis for settlement of the national strike.

Both sides immediately went into executive session to caucus on the government's suggestion.

The government suggested that this arbitration committee be composed of six, eight or ten of the leading operators and miners. They would take up the work of the conference which would be adjourned for a week to enable the committee to thresh out the facts. The committee at the end of that time would report back to the general conference.

Secretary Davis said he did not carry out his announced plea of suggesting the selection of a small committee composed of both factions to negotiate a settlement. In the absence of his plan, the entire body of operators and union leaders will reconvene here Monday. This delay will enable the operators and miners to sound out sentiment of their constituents during the next week, according to the attitude government officials took. They were not dismayed that a speedy agreement had not been reached. But both appeared entirely optimistic regarding the final outcome of the negotiations.

A SWEET LITTLE BABY BOY

Makes a Bright Spot in Every Home. A Comfort in Years to Come

Park Rapids, Minnesota.—"I have taken your medicine—Lydia E. Pinkham's Vegetable Compound—when I was a girl for pains and before and after my marriage. I now have a sweet little baby boy and will send you his picture if you wish to publish it. My sisters also take your medicine and find it a great help, and I recommend it to those who suffer before their babies are born."—Mrs. Wm. JOHNSON, Box 155, Park Rapids, Minn.

To marry and arrive at middle age without children is a great disappointment to many women. Think of the joy and comfort other women have in their children as they grow older. Lydia E. Pinkham's Vegetable Compound has helped to bring great happiness to many families by restoring women to health. Often the childless home is due to a run down condition of the wife, which may be helped by Lydia E. Pinkham's Vegetable Compound. It brought health and happiness into the home of Mrs. Johnson. Why not to yours?

PEACE AND SAFETY.—Thou wilt keep him in perfect peace, whose mind is stayed on Thee; because he trusteth in Thee.—Isaiah 26: 3.

The Day That Never Dies

No day of the Christian calendar is on a par with that of Christmas, but next to it the Fourth of July is the one most indelibly fixed in the minds of all American people.

It signifies LIBERTY, and liberty is our most cherished inheritance, bequeathed to us by our sturdy forefathers and maintained by our own strength and determination.

July 4th is a great day for flag waving, speech making, and general jollification. It is our method of signifying our undiminished admiration of gratitude to the heroes of 1776 who won imperishable fame by freeing our struggling colonies from the oppressive rule of a foreign king.

Great events of the history become dim in the minds of men as

time flies, on but Independence Day remains ever green in memory and the deeds of its creators never die. Attention, Americans! Right hand, Salute!

The Who's and the Whats

Everybody talks of the whys and the wherefores, but not always do we consider the who's, and the whats.

In agitating for local improvements the most vital of all considerations are WHO will get the benefit and WHAT will be the results.

These are important questions which should be satisfactorily answered before any action is taken. Let us continue to strive for the

upbuilding of this community, but in the crystallization of our efforts let us go beyond the whys and the wherefores. The who's and the whats are of greater import.

Only a Trifle

Some days have passed now since J. P. Morgan and his syndicate of bankers refused to sanction a German loan, yet it has failed to create even a ripple of excitement either of chagrin or relief.

The reason for our sublime indifference? The amount was too insignificant. Only a paltry billion dollars, or three hundred billions of German marks at the present rate of foreign exchange. Trifles never bother us.

The Hodge-Podge

By a Paragapher With a Soul

What with the short skirts and everything, it looks like a fellow might get a real thrill from the sight of a female ear once more.

With the Irish rebels, Mexican rebels and the senate rebels operating all at once, it is necessary to think twice before believing that everything is not topsy turvy.

To be envious of one's neighbor is a sin, but how can you blame ninnyrods when they contemplate the feat of the Seymour man who caught two fish on the same hook!

Standing still as the years go by gives one a terrible handicap.

Conan Doyle is a convert to prohibition, evidently believing in only one kind of spirits.

Why borrow trouble when you can get all you want for nothing.

TO UNVEIL SHAFT AT NEW PIKE DEDICATION

Pumpkinville Pike, Near Kokomo, Will be Thrown Open With Ceremonies For First Automobile

OLD RELIC MADE APPEARANCE

Kokomo Ind July 3—Pumpkinville pike, three miles southeast of here, will be dedicated tomorrow.

A monument will be unveiled on it to commemorate the trip of Elwood Haynes in the first automobile, July 4, 1894.

The dedication will be under auspices of the Indiana Historical commission and the Hoosier State Automobile association.

The granite monument will be unveiled on the exact spot where Haynes started on his epoch making trip.

The principal address will be made by Dr. S. L. McIntosh, president of Wabash college. Governor McCray will also talk.

The monument is in the form of a large shaft made of Red Cloud granite and a base of New York granite. It bears this inscription:

"On this road, America's first automobile, designed and invented by Elwood Haynes, of Kokomo, made its initial trip in 1894. This marker erected by the Hoosier State Automobile association."

The "old" "horseless carriage" still exists in the museum at the Smithsonian institute in Washington. When it was first tested, its average speed was seven miles an hour.

TAIL LIGHTS TAKE SECOND STRAIGHT

Defeat Osgood Here Sunday, 6 to 3, Valentine Showing Stuff by Allowing Only 3 Hits

ECKERT WILD IN PINCHES

Locals Will Meet Greenfield Here Tuesday Following Series of Holiday Contests

The Tail Lights won their second straight game Sunday afternoon, when they defeated the Osgood aggregation by the score of 6 to 3. Valentine again demonstrated his ability when he let them down with three hits and three walks.

The game was well played except for a few errors made by the Tail Lights. Sharp for Rushville and I. Hunter for the visitors featured the game with running catches, which usually would go for hits.

In the second inning Byrne walked and Valentine sent him to third with a double. Smith was safe at first on Eckert's error. Byrne and Valentine scored when Eckert cut loose with a wild pitch.

The fourth inning produced two more runs when Conway walked and was advanced to second by Byrne's single. Valentine sacrificed, moving both runners up a base. Smith walked filling the bases and when Shaw was walked, Conway was forced in. Eckert forced in another runner when he hit Pearsey with a wild pitch.

An error and three hits in the seventh brought in two more runs, for the Tail Lights. Osgood made their three runs in this inning on two errors, a base on balls and a hit.

Tuesday, July 4, Greenfield comes here and a good game is assured because this team has a well balanced club which includes Bedy Fultz on the mound.

Baseball fans of this vicinity are urged to attend and support the Tail Lights which are now hitting their stride. At 1:30 tomorrow the events will be staged which will include a greased pig contest, races and other amusing events for which the merchants have donated prizes.

By HENRY L. FARRELL
(United Press Sports Editor)

New York, July 3—With no one in sight to stop them, the New York Giants look to be a sure pennant winner this year. Their victory would be pleasing in New York but it will not help baseball.

Complaints about buying the pennant have been made all over the National League, so much so that the practice of getting stars by cash has become an absolute menace to baseball.

Commissioner Landis is aware of the dangers, as was evidenced by his refusal to let the Giants have Henie Groh in the middle of the season last year.

He is still at his crusade this year, as was shown by his drastic action in the Kenworthy case in the Pacific Coast league.

Other little bubbles are coming to the surface in the major leagues.

John McGraw, manager of the Giants went before the National League owners recently and asked to have investigated the story that came recently from Cincinnati that he had offered the Reds \$150,000 for Eddie Roush, outfielder, and Pete Donahue, the best young pitcher in the league.

McGraw denied that he had made any such offer and he said he was tired of being charged with tampering with the players on other clubs.

If he didn't know that the publication of that story would get him in bad with Landis, he never would have taken the trouble to have the story repudiated—if he could repudiate it.

The two New York clubs have the most money in baseball and if the practice of buying players is not stopped, there will be no such thing as pennant races in a few years.

William F. Baker, who owns the Philadelphia Phils, goes on the theory that it is impossible to buy a pennant and he never tries.

Once in a great while a professional sportsman appears in the professional ranks. Such as Ben Block, owner of Morvich, who sacrificed the possibility of a wonderful record just to keep his word.

Months ago Block promised New Yorkers to give them their first look at his Kentucky Derby winner in the Carlton Stakes at Apueduct.

The Score Board

Yesterday's hero—Kenneth Williams, hit his twentieth homer, with two on base, and the Browns defeated the Indians, 9 to 5.

Babe Ruth hit his twelfth homer with two on and helped the Yanks win from the Athletics, 9 to 3.

Clarence Walker hit two-for-the Athletics.

The Cardinals gained a full game on the Giants when they took a double header from the Reds, 8 to 3, and 2 to 1.

After winning eight straight, the White Sox were stopped by the Tigers, 12 to 2.

John Collins drove in both runs which gave the Red Sox a 2 to 1 win over the Senators.

The Robins also closed in one full game on the Giants when they downed the Braves, twice, 8 to 6 and 6 to 3.

Brilliant fielding of Grimes behind air tight pitching by Alexander gave the Cubs a 5 to 1 victory over the Pirates.

This Time Last Year

Carpentier was reported to be in good condition at Manhasset after being knocked out in the fourth round by Jack Dempsey in Jersey City.

With one on Clemens hit a homer in the seventh inning and the Cards beat the Cubs.

The Giants took a double header from the Braves.

Gardner tripled in the eighth inning with the bases filled and Cleveland beat Detroit.

NEW PITCHER TUESDAY

Valentine, pitcher for the Tail Lights, who has proved to be a wonder, will be unable to pitch in the game here Tuesday against Greenfield, and he has recommended a man by the name of Ultherwine of Cincinnati, who will be on hands. Valentine did not want to pitch a game with only a day of rest between, and he will be back on duty with the Tail Lights next Sunday.

A GOOD FRIEND

A good friend stands by you when in need. Rushville people tell how Doan's Kidney Pills have stood the test. John Heany of 616 W. 3rd St., Rushville, endorsed Doan's many years ago and again confirms the story. Could you ask for more convincing testimony?

"I had trouble with my kidneys and the secretions passed too frequently and I had to get up several times during the night," said Mr. Heany. "It was painful to pass the secretions which were highly colored and contained sediment. My back was weak and lame. I got a box of Doan's Kidney Pills at Johnson & Co.'s Drug Store and they relieved me." (Statement given August 25, 1915).

On November 4, 1920, Mr. Heany added: "I still have the same high opinion of Doan's Kidney Pills. I use them occasionally and always get the same results."

BOYS TEAMS GO TO A TIE

Gamecocks and Morgan Street Blues to Play Double Header

The Gamecocks defeated the Morgan Street Blues in another close game Sunday afternoon in the City park, by the score of 7 to 6. The game was won in the ninth inning when Elder, batting for McIlwain, hit a single, and D. Sailor hit one to the flag pole for a home run, scoring Elder ahead of him. Leisure walked and stole 2d and 3d and scored on C. Ryan's single to center. Martin, T. Ryan, Worth and Price formed the battery for the Blues, while Comella, Leisure and D. Sailor worked for the Gamecocks. These two teams are again tied and will play a double header on July 4.

The score by innings:
Blues 100 210 011—6—10—3
Gamecocks 001 010 014—7 9—8

THE CEMETERY

GOD'S ACRE

Many organizations both general and local, are urging the importance of beautiful cemeteries. Rush county has many beautiful cemeteries which are the fruit of years of toil on the part of the officers and lot owners of these picturesque places. You can assist in this noble and refined work. Visit your cemetery often, see that your lot is well kept; if you are not a lot owner secure a lot and by co-operation help make these beautiful places more attractive for all time to come.

DUBLIN LORD-MAYOR REPORTED CAPTURED

London, July 3—Lord Mayor O'Neill of Dublin has been captured, according to an unconfirmed report received here today. His captors, whether rebels or free staters, was not designated in the report.

Dublin—July 3—Fierce assaults were launched early today by Free State troops against insurgents positions in O'Connell street. Armored cars advanced under cover of a machine gun barrage.

Intensive bombardment, with high explosion shells, preceded the attack. Many prisoners were coming in "Walking wounded" brought reports of severe rebel casualties. Red Cross flags, run up over a couple of buildings held by the insurgents, held to mistaken reports of surrender.

7:30 o'clock. Immediately following the ceremony Mr. and Mrs. Whesley left for a motor trip through the east. They will be at home after July 10 with the bridegroom's parents. Mr. Whesley is a prominent young man of Connersville and the bride is well known in the Farmington vicinity.

flyer onto a curve leading into a branch line to wildwood, and Cape May. The curve was set for a slow freight train.

The flyer was traveling at a speed of 70 miles an hour. The engineer did not slow as he reached the junction, expecting a clear straight track.

The train was made up of two pullman cars, one club car and four coaches.

The speeding train took the switch at a leap, plunging sixty feet across the ground and curled up into a heap of wreckage.

Relief trains were rushed from Atlantic City and Camden. They carried Red Cross nurses and several corps of physicians. The trains and wrecking trains carrying railroad workmen were given the right of way.

The work trains carried powerful cranes with which they could lift the wrecked coaches and afford the searchers a better opportunity to assist the suffering.

A MUSEMENTS

Engagement Opens Today

D. W. Griffith's wonder spectacle "Way Down East" will open at the Princess Theatre where it is booked for an engagement of three days beginning today.

"Way Down East" is the outstanding hit of the current season on the American stage. It is being seen throughout the country simultaneously and playing to the greatest crowds that were ever drawn to see an American story since the establishment of our stage. Over a quarter of a million theatre-goers in the different cities of the country are weekly witnessing its presentations. This is a good average attendance for a season for an ordinary attraction and speaks plainer than any words of description as to the merits and the appeal of the Griffith masterpiece.

The screen version is based upon the simple tale of plain people revolving around the love of David Bartlett and Anna Moore in a New England rural community as originally played upon the stage in the dramatic tale by Lottie Blair Parker for a decade. Griffith has embellished it with those rare touches that he brings to everything he does for a motion picture narrative. It is upon such a scale that he has literally evolved a new art form. It possesses scenes of such sweetness and charm that they are pronounced worthy to hang in the art galleries of the land and he has added a thrilling climax showing the rescue of Anna David after her battle through the night with the storm and the great ice jam and the flood on the river which is universal proclaimed the greatest scene ever seen within a theatre in the world's history.

At the Mystic Two Days

When "Smiling All the Way" opens at the Mystic Theatre today for two days audiences will be apprised of a motion picture production of

strong situations, gripping climaxes and comedy episodes interpreted by one of the best casts ever assembled for motion picture making.

First in estimation, is David Butler as the star, impersonating a new type of serio-comic role. The part calls for every possible variation in the art of mimicry. It is at once sad and then in contrast joyful, and then alternates between a philosophic aspect and fades out into a fade in of the sentimental. Supporting him is Leatrice Joy in the role of Alice Drydan, who enacts the role of a society girl. Through misfortune she leaves the glitter behind, and in useful work finds a greater measure of contentment. Then we come to the familiar Harry Todd, whose features before the camera have long qualified him as a comedian of the first water. In this production he impersonates the tragic role of the hen-pecked husband, and the various bits of business that call for the superiority of the wifely mind over the man who from the moment he said "I do," furnishes a round of pleasure that is quite sufficient. In the role of Aunt Ellen, played by Frances Raymond, a delightful bit of aristocracy with the bottom knocked out is sympathy winning; while the role of Andrew Cadman, the man of fashion and wealth through accident, is intensely portrayed by Parker J. McConnell.

Two characters that are typical of Greenwich Village are ably depicted by Minerva Finch as Rheal Haines, who writes an "Advice to the Lovelorn" while Helen Scott plays the part of Teddy McCall, an artist in the embryo. Arthur Redden, who is only a youngster comes in for the role of Mickey, a faithful newsboy. Charles Smiley is also in the cast in the role of the old professor, and to his credit is some smooth workmanship that lends itself to the genuine effectiveness of the entire cast.

800,000 MEN MAY JOIN THE STRIKERS

Continued from Page One
Union chiefs refused to make a statement but it was understood Jewell made an impassioned plea for a united front against the carriers. Jewell claimed he had made little effort to influence the other union heads to order a walk out.

"The women will win this strike," Jewell said. "They will work and pinch and save and we will win. They always back us up. If the wives and daughters complained it would be all over—but they won't complain."

No strike benefits are being paid by the shopmen's union and no benefits will be paid by the maintenance men if they join the walk out.

"We can hold out for months," was Grable's prediction.

Railroad executives doubted that the maintenance of way workers would strike. They declared the strike of the shop crafts had in no way interfered with traffic. Work of recruiting an army of strikebreakers to take jobs of strikers was on in full swing.

Police prevented a clash between strikers and guards at the Burnside shops of the Illinois Central when pickets stopped a truck loaded with bedding and other supplies being taken to the shops. They ordered the driver to turn around and were helping him comply with their demands when the police arrived. The strikes fled.

Railroad officials declared they did not expect any serious results from the shop workers strike. They predicted that many of the men would return to work this week and that places of those who did not would soon be filled.

Picketing of shops was generally peaceful. The pickets seemed to be good natured and complied with the police orders to "keep moving".

BOYS CAMP FUND OPENED WITH \$40
